L A N G U A G E

English

A B O U T   M E

A passionate and versatile individual with a background in teaching, music, and digital arts. Eager to pursue a Bachelor's degree in Computer Science with a focus on software engineering, animation, and creative technologies. Seeking opportunities that foster innovation, creativity, and personal growth, both academically and professionally.

E X P E R I E N C E

Freelance Music Teacher   May 2020 – Present
Extra Lessons Tutor

- Provide personalized tutoring sessions for students in subjects like Mathematics, Sciences, and English. Develop lesson plans tailored to individual learning styles
- and academic needs. Help students improve their understanding of complex
- concepts through step- by-step explanations and practice exercises. Foster a supportive learning environment, encouraging students to build confidence in
- their abilities and excel academically.

Interests & Extracurricular Activities

Travel: Exploring different cultures and learning from new environments. Basketball: Teamwork and leadership through competitive play. Music Composition: Creating original pieces and exploring new musical genres. Animation & Technology: Passion for digital arts, animation software, and game design.

Personal Portfolio Website
- Designed and developed a responsive portfolio to showcase my skills in web development, including JavaScript, React.js, and UI/UX design principles.
- Deployed using Vercel for seamless accessibility.
